

WHY SHOULD I CARE ABOUT JUDGES

on my ballot THIS November?

WHAT'S AT STAKE?

- **Our Court system is at risk of being corrupted by the same billionaire-fueled "dark money" forces that put extremists on the U.S. Supreme Court**
- **EXTREMIST Judges will undermine our rights and our democracy**

WHAT'S ON THE BALLOT?

LOCAL JUDGES:

Chester County Court of Common Pleas -

Hears civil, criminal and family cases

Magisterial District Court - Handles smaller issues and has discretion over cash bail

Extremists on Local courts will:

- Side with insurers and large companies over PA families and workers
- Lower the quality of our public schools
- Weaken access to healthcare and reproductive care
- Weaken protections for consumers
- Weaken protections for workers
- Make it easier to discriminate, harass, and retaliate
- Make it easier for polluters to ruin our air and water

PENNSYLVANIA STATE COURT JUDGES:

PA Supreme Court- Has the last word on interpreting the PA Constitution

PA Superior Court - Hears all civil, criminal and family *appeals*

PA Commonwealth Court - Hears all government and election-related *appeals*

Extremists on Pennsylvania courts will:

- Make it more difficult to vote
- Take us back to gerrymandered legislative maps
- Uphold laws that deny reproductive care
- Overturn sensible assault weapon regulations
- Uphold book bans
- Undermine privacy protections
- Refuse to hold polluters accountable
