

WHY SHOULD I CARE ABOUT SCHOOL BOARDS?

- Our local School Boards are under attack by "Parent's Rights" groups advocating for book bans and to eliminate Diversity, Equity and Inclusion (DEI) programs
- **Extremist candidates are being recruited, trained, and funded here and across the U.S. by those who don't believe in Public Education**
- We need School Boards that support our **FREEDOM TO PARENT OUR OWN KIDS**, and not allow extremist groups to dictate what they are allowed to read and learn

EVERY CHILD DESERVES

an education that:

- Prepares them for success
- Provides a safe place for learning
- Honors their history and experiences
- Provides honest, accurate information
- Gives them freedom and knowledge to pursue their dreams
- Prepares them to fully participate in a diverse society.

PARENTS ALREADY CAN:

- See every syllabus
- Excuse their child from accessing books or lessons they feel violate their beliefs
- Guide their children

We need School Board Directors who believe in Public Education and are willing to work together to solve problems!

WHAT'S AT STAKE

STUDENTS NEED:

Strong academic standards; a robust and accurate curriculum; schools safe from bullying and violence; support for their social, emotional and physical health.

PARENTS NEED:

Involvement with their children's education; parent teacher conferences; Individual Education Plans (IEP's) for special needs students; online library catalogs; one-to-one access to their kid's teachers.

TEACHERS NEED:

Professional respect, a work environment that supports their best efforts; policies designed with them vs. imposed upon them; resources to help kids struggling with mental health issues and the academic and emotional aftermath of the pandemic.

TAXPAYERS NEED:

Fiscally responsible use of their tax dollars; good school ratings that positively impact property values; competent growth planning today that avoids excessive tax hikes tomorrow

COMMUNITIES NEED:

Public School Board meetings that promote civil and constructive communications; decisions that meet the needs of all taxpayers, parents and students, not just the most vocal.

Extremists want to scare us.
Vote on Nov 7 for School Boards that will uphold our basic values and highest ideals.

Chester County Marching Forward
